

## Team Bios

### **Scott Bane – Director of Course Delivery & Chaplain**

Scott gave his life to the Lord at a young age, through his family. Before high school, he was already sensing a call to follow God through ministry service. That sense of calling led to North Central University, in Minneapolis, MN.

After graduating, Scott began serving a large, non-denominational church in Northwest Indiana, as an assistant pastor and Christian education director. In six years of ministry he had the opportunity to be a Christian school administrator, start and lead a day care ministry, serve as curriculum and instruction leader for an adult Bible school and serve two years as youth pastor.

At the very end of 2005, Scott and his family sensed God's call again, this time to devote themselves to church planting. The Banes moved to Cincinnati, where Scott spent a year traveling, learning and teaching the mission of church planting. A highlight of that year was a month spent with churches in South Africa.

After that year of preparation, in 2007, Scott and his family moved another time – this time to join the planting team of a church-startup on the east side of Tampa, FL. That experience stirred the call again and the Bane family is now living back in their hometown of Northwest Indiana and working to start a church that is all about mission and community.

Scott is married to his childhood sweetheart, Sheryl. They have 4 children: Ben, Luke, Ethan and Aisling. Scott has a BA in Pastoral Studies from North Central University and a Masters in Non Profit Management from Regis University in Denver, CO.
